If you plan on hanging decorations, please keep in mind...

- No nailing into walls or other permanent changes to the room are permitted.
- Sticky tac and 3M Command Strips tend to work best BUT the student is ultimately responsible for any damage caused by hanging decorations.
- Tape of any kind should never be used to hang decorations as it almost always causes damage.
- Nothing may be hung from the ceiling or suspended from the lights. No flammable decorations (live Christmas trees, straw, hay, dried leaves, etc.) are permitted.
- Always test what you want to hang and please remember that changes in temperature and humidity cause adhesives and clings to react differently over time. Any damage to the room is the student's responsibility.

Please do NOT bring to campus...

- Candles, incense, plug-in air fresheners, oil warmers and diffusers, or any item with an open flame
- Triple/quad sockets, plug multipliers, power strips, 2-prong extension cords, or any that are not UL approved

- Weapons of any kind (including hunting knives, drill swords, hunting bows, etc.)
- Any animal that is not explicitly allowed in our pet policy; any habitat not allowed by our policy

Please keep in mind that, in most cases, you are condensing into a smaller space than you have at home - and you're sharing it with a roommate! So talk to your roommate before move-in. Come up with a game plan of what can be shared (& the rules for sharing!). Think minimal but cozy, functional yet fun - express your personality without taking over the entire room! If you are unsure of what to bring or love something but not sure if there will be room for it, keep in mind there are a lot of stores in the area. Target, Kohl's, Staples, Wal-Mart, Lowe's, and many more national (and local!) favorites are within 5-15 minutes of campus.
